ROYAL PAIR PLAN U. S. HONEYMOON

Grand Duchess Kira

Wed in simple civil rites, Grand Duchess Kira, daughter of Grand Duke Cyril, pretender to the throne of all the Russias, recently united the Romanoffs and the Hohenzollerns when she became the bride of Prince Louis Ferdinand at Potsdam, Germany. A religious ceremony followed in accordance with the rites of the Russian Orthodox Church. The couple plan a honeymoon in the United States.

BEST PHYSICAL ED PLANT IN ENTIRE BAY AREA NOW READY FOR USE AT JEFFERSON HIGH

Facilities Are Available To Local Adults And Children On Week Day Evenings

Open for the first time this week, the new gymnasium and swimming pool at Jefferson Union High School will afford high school students and local adults and children recreational facilities enjoyed by few other communities.

Built by a bond issue floated in the high school district and a federal grant the gym and pool is one of the finest physical education plants in the entire state. The exterior is stucco with tile roof. The gym floor is hard wood and is as large as many similar university gym floors. There are spectator galleries in both the gym and pool. The bottom and sides, under water lighting system and most modern heating and filtering equipment are only a few of the points which make the new pool far superior to any other plunge in the entire bay area.

The new structure, costing in the neighborhood of $200,000, is a major step in the orderly and well planned development of the local high school plant. Class rooms and a modern auto shop were the last two major improvements added.

Principal James Ferguson, the high school board, P. T. A., civic and fraternal groups have continuously pioneered in improvement measures at the high school. Progressive minded citizens, following this leadership, have been able to satisfy a great need at the institution of learning by building the new gym and pool.

The Daly City Record is sponsoring a program by which every local boy and girl may learn to swim this summer. Turn to page six for details.

WATCHFULNESS WILL MAKE FOR LESS ACCIDENTS

Many of you readers of this regular traffic safety paragraph will remember how, 23 years ago this week, the United States was aroused by the sinking of the Lusitania. Twelve hundred lives were lost in this maritime tragedy. But every eleven days of the year, according to the 1937 averages compiled by the National Safety Council, that many lives are lost in traffic accidents in the United States.

In 1915, the loss of that many lives meant the entire nation was aroused to a war-like pitch. Today few people except the families of the victims realize how great is the tragedy.

But, with your help, these accidents can be stopped. Your part in the organized campaign against accidents is to drive with extra caution and walk with extra caution.—San Mateo County Traffic Safety Commission.

LOCAL FIREMEN PLAN FOR DANCE

The men who protect your homes and property in case of unexpected conflagration, the members of our own Daly City Fire Department, extend a cordial invitation to all citizens to attend the coming ball at Colombo Hall, Saturday evening, May 28.

On that evening they will stage a monster barn dance for the delectation of lovers of terpischore and for the benefit of the fund maintained for aid to widows and orphans of members of the department in the event of stress or disaster.

This is one of the most worthy efforts put forth by any group in our community and should be patronized liberally by all.

Special features have been planned, among which will be awarding of a prize to the man and woman dressed in the best appearing costume.

These affairs, in the past, have proved most enjoyable to all attending, and the same excellent evening of entertainment is promised everyone who can find time to get there on May 28.

Church To Observe Anniversary Sunday

ADAMS LOOKING TO TOP RIDERS IN SECOND SEASON

Few Jockeys Have Been Able To Win Laurels For Two Successive Years

Johnny Adams, the "little giant" of the saddle, is back in the stirrup irons again with the opening of the Tanforan spring meeting, gunning for his second straight national saddle championship. The leader in 1936 with 260 winners, he now holds a scant lead over R. L. Vedder, with Eddie Arcaro closely lapped for third honors.

Spurning a chance to ride on the New York tracks, an offer to pilot a mount in the Kentucky Derby, Adams remains in the West, his

MOTHERS LIVE IN HEARTS OF ALL ON SPECIAL DAY

"In honor of the best mother that ever lived—your mother," is the sentiment set forth each second Sunday of May, which for 1938 will be celebrated next Sunday.

When Miss Anna Jarvis of Philadelphia uttered the above sentence in a public meeting, long ago, in 1907, she little realized then how much significance it would gather as it rolled on down through the years.

Since May, 1913, Mothers' Day is set aside each year by annual proclamation of the President of the United States and the American flag is displayed on all public buildings in

COUNTY BOARD WILL NOT STOP CAMP PROJECT

Decline To Heed Pleas Of Protestants To Interfere With Establishment For Relief Reasons

Protests of the Sharp Park Improvement Association and the County Federation of Clubs to the SRA sustenance camp for 250 single residence men at Sharp Park, were overruled by the Board of Supervisors at the weekly session on Tuesday.

"The state camp is there, and I doubt if it is in the power of this board to do anything about it," declared Supervisor James S. James of Burlingame.

Chairman H. H. Smith, Daly City, said four members of the board had attended the Sharp Park club's meeting, Monday evening, at which the camp was discussed at length, and a vote of the club members favored the project.

A letter from the club, last week, sent to the board in the absence of Club President Ray Higgins, attacked the camp as a "menace to public welfare and safety," and urged the supervisors to use their influence with the SRA to abandon the project. It was backed up by a petition signed by a number of Sharp Park and Rockaway Beach citizens, filed with the board later in the week.

During the discussion of the matter it was revealed that, by a vote of 29 to 21, members of the Sharp Park Improvement Association in open meeting, Monday evening, favored the SRA sustenance camp near here.

The vote was taken after a stormy session at which some members expressed doubt that the camp would

CONTEMPT CASE IS DECIDED BY GUILTY VERDICT

Insurance Broker And Political Figure Sentenced On Charges Of "Fixing" Attempt

George H. Chiossi, San Mateo insurance broker and county political figure, Tuesday of this week, was found guilty by Superior Judge William James of contempt of court charges, fined $100 and sentenced to two days in the county jail.

Chiossi's attorneys secured a five-day stay of execution.

Judge James, in sentencing Chiossi, said he was not concerned so much with the $100 check Chiossi secured from Mrs. Dance, as he was with Chiossi's interest in the case and the statement he assertedly made that he could secure probation for Mrs. Dance's son, Benjamin, convicted of drunken driving in the auto death of George Noble.

The judge declared he was convinced that young Dance told the truth in his testimony, whereas he was of the opinion that Chiossi was not telling the truth in denying the statements assertedly made to the youth.

In sentencing Chiossi, Judge James said:

"When anyone makes a statement that he can control the process of the court or direct the course of justice, he is taking a very serious stand and that subjects him to very serious consequencies.

"When anyone makes such a statement, I don't see how they could be more definitely in contempt of court."

The San Jose jurist was assigned to try the contempt proceedings after withdrawal of Superior Judge McNutt, who issued the order to show cause against Chiossi.

Chiossi was accused by the San Mateo County probation officer and the court with taking a $100 check from Mrs. Mary E. Dance, under promise to "deliver" probation to her son, who stood charged, several weeks ago, with negligent homicide in the auto death of George Noble, San Mateo negro.

Dance subsequently was acquitted of negligent homicide and convicted of drunk driving by a jury which recommended probation.

Reviewing the affidavits at the hearing on the demurrer, Judge James said that "things are permitted to attorneys at law which are not permitted to the layman.

RADIANT SONJA AND DON AMECHE ARE REUNITED IN "HAPPY LANDING"

Sonja Henie in "Happy Landing."

Joy Laden Musical Is Darryl F. Zanuck Hit Of Superlative Splendor

"Happy Landing," a show aglow with joy laden wonder, winging from gay Norseland festivals to New York winter time spectacles, comes to the Daly City Theater next Sunday with a Sonja radiant beyond imagining.

It tells the story of a song writing band leader (Cesar Romero) who flies across the Atlantic for a publicity stunt and comes down in a Norwegian fog bank—almost in the middle of a folk festival known as a "Bride's Fair." The custom which starts the trouble is a rule that if a young man dances twice with the same girl at the party he has proposed.

The band leader, a little bit amused because one lovelorn little girl is giving him plenty of his favorite food—hero worship—dances twice with Sonja Henie. That starts the silvery, sumptuous show on its way.

Don Ameche, the flying baton wielder's companion, known there is little or no sincere interest in Romero's attentions, inasmuch as he is very much engaged to an American girl played by Ethel Merman. From this point on a whole new world of happiness opens for film fans.

A Sonja breathlessly in love, breath taking on the ice, thrills as she never thrilled before!

There are the colorful American winter carnivals, the glittering gaieties of Paris and Miami, the breathless ice ballets of New York roof gardens—and songs, songs, songs!

This astonishing girl, who captured the hearts of outdoors loving America with her witchery on the ice and who over night became the dramatic find of moviedom, is more dazzling than sunshine on ice, as she sweeps her beholders out of a world of day dreams into a world of dreams come true.

Jean Hersholt, Ethel Merman and Cesar Romero are featured in the cast of "Happy Landing."

Also on the same bill Warner Oland in Charlie Chan at Monte Carlo.

Mrs. T. P. Tallon and daughter of Risel street were luncheon guests of Mrs. R. V. Dunne of Santa Rita avenue, San Francisco, Wednesday of this week.

Initiative And Endeavor Said To Be Principal Keys To Success In ife

Things that go on behind the scenes of an employment office was the theme of Mr. Dick Carlson in addressing the student body of Jefferson Union High School, Friday of last week.

He stated that only one out of every hundred really masters anything. Twelve out of every hundred are proficient or almost experts. Twenty-seven are students; they studied the subject, know something about it, and are employed on the lower grade jobs, but never become profiecient. Sixty out of every hundred don't care; they go on their way, but don't know where they are going.

"One out of every hundred," he continued, "earns ten thousand dollars a year at the age of 45. Six out of every hundred earn two hundred and fifty dollars a month at 45. At the age of 65 one is wealthy, fourteen are comfortable, five are still working, 36 out of one hundred have died along the way; 54 are not dead, but are dead broke."

He stated further that getting is merely the reaction of giving. Society will reward you in most parts for what you give to society. We should know our objective, what obstacles are in the way, training, education, skill and specialization, and what kind of persons we are morally.

Mr. Carlson told the students of an encyclopedia of jobs which is being written in Washington. It is eight and a half by eleven feet. It gives a picture of the job, tells about requirements one must have for that job, and something about it.

In conclusion, he said that the record one makes today is the one that will remain with him for the rest of his life. Upon the kind of record one makes will depend his future, and he will never be able to get away from it. Your record will follow you wherever you go, and your habits will also follow you.

Mothers Live In Hearts Of All On Special Day

(Continued from Page 1)

commemoration of mothers the nation over.

We are all mothers' sons and daughters, regardless of race, color or social standing. On that day we stand together on common ground in reverent love to her, the highest earthly symbol of untiring devotion, patience, self sacrifice and loyalty.

In our homes and family gatherings on this day of days each of us may find time to relate some pleasing incident of childhood in which our mother played an important role. Living again those bygone days with mother will deepen human kindness, and whether she is here or There, she will be with us where we are.

THE COOKIE JAR

(By Edgar A. Guest)

You can rig up a house with all manner of things,
The prayer rugs of sultans and princes and kings;
You can hang on its walls the old tapestries rare
Which some dead Egyptian once treasured with care;
But though costly and gorgeous its furnishings are,
It must have, to be homelike, an old cookie jar.

There are just a few things that a home must possess,
Besides all your money and all your success—
A few good old books, which some loved one has read,
Some trinkets of those, whose sweet spirits have fled
And then in the pantry, not shoved back too far
For the hungry to get to, that old cookie jar.

Let the house be a mansion, I care not at all!
Let the finest of pictures be hung on each wall,
Let the carpets be made of the richest velour,
And the chairs only those which great wealth can procure,
I'd still want to keep for the joy of my flock
That homey, old-fashioned, well-filled cookie crock.

Like the love of the mother it shines through our years;
It has soothed all our hurts and has dried away tears;
It has paid us for toiling; in sorrow or joy,
It has always shown kindness to each girl and boy;
And I'm sorry for people, whoever they are,
Who live in a house where there's no cookie jar.

OPEN MEETING OF GOVERNING BODY HEARS ADDRESS

Speaker Compares Methods In Europe With Modern Ones In America

Scores of teachers of San Mateo County attended the open meeting of the governing council, which took the form of a dinner, at Sequoia Union High School, Monday evening of this week.

The speaker of the evening was Mr. F. T. Letchfield, assistant vice president of the Wells Fargo Bank and Union Trust Company, a famous consulting engineer. Mr. Letchfield was one of a small group of scientists who visited the important scientific laboratories of Europe last year. The teachers who were fortunate enough to be present declared that the address by the banker was one of the finest that the organization has been privileged to hear.

The speaker talked briefly of the industrial situation in England, France and Germany and drew interesting comparisons between the old order of these countries and of modern America. He emphasized the fact that our pre-eminence had come from (1) an age-old struggle for liberty; (2) our qualities of courage, and (3) the equality of right with an absolute absence of castes. This country has only 7 per cent of the world's population, but it has one-half of the world's wealth and nearly 90 per cent of the world's automobiles. America spends more for education than any other country and sends more of her young people than all the other civilized countries of the world combined, the speaker said.

Clive M. Saiz, president of the association and instructor of history at Jefferson Union High School was elected as the association's delegate to the National Education Association convention, which will be held in New York next month.

The Jefferson Union High School teachers who attended the dinner included Messrs. Ferguson, Paterson and Saiz and Miss Marjorie Robinson.

LIONS IN TEN INNING TIE, 4-4

Sunday of this week the Daly City Lions played the Hyduk Athletic Club to a four to four tie in ten innings. It was called at the end of the tenth because of the time limit. The game was played during a strong wind.

The Lions once again showed their fighting spirit by coming from behind twice to tie up the game. In the seventh inning Berg singled to infield, went to second on an overthrow, stole third and scored the tying run on a passed ball.

Kelly pitched a good game for Daly City, striking out twelve batters. The Lions got but four hits, but made every one count.

WASHINGTON NEWS

FROM OUR CONGRESSMAN
JOHN J. McGRATH

Bill Would Promote Health—Passage of a bill introduced by Chairman Doughton of the House Ways and Means Committee would increase funds available for promoting the health of mothers and children under the Social Security Act. The bill would amend the Act to provide $3,000,000 for the fiscal year ending June 30, 1939; $8,000,000 for the following year; $12,000,000 in 1941; $16,000,000 in 1942, and $20,000,000 in 1943.

* * *

Civil Aeronautics Authority—The Senate Commerce Committee has favorably reported a bill establishing a Civil Aeronautics Authority, to control licenses, rates and other matters and a special air safety board, to be appointed by the President.

* * *

Social Security—Registered under the Social Security Act at the Social Security Board are more than 38,000,000 men and women. At the end of March applications for account numbers exceeded that mark. With 5,000,000 applications, New York led the list; Alaska had 16,491.

* * *

Public Highway Building—The Federal Bureau of Public Roads is assembling surveys of mileage and usage, which, when finished, will provide the first complete set of maps and records for an estimated 3,000,000 miles of rural roads. This will be done in order to do away with the guesswork in building public highways. Preliminary statistics have already been tabulated and analyzed in 44 states.

* * *

Small Business Men — Extension courses in business administration will be provided to small business men by the Federal Bureau of Foreign and Domestic Commerce in cooperation with state universities, according to a bill introduced by Representative Patman of Texas. The bill, if it becomes a law, would finance this training by a federal appropriation of a half million dollars the first year.

* * *

Road Improvement—Congress has authorized $200,000,000 for road improvement and grade crossing elimination for the next fiscal year. Approval of primary construction programs has already been granted to 25 states and 17 others for secondary roads, both to be matched by the states.

* * *

Education — Another bill for the purpose of authorizing a vast program of federal subsidies to states to help public education has again come out of the Senate Committee on Education and Labor. The sponsor of the bill is Chairman Thomas of Utah. States would receive, according to the bill, for elementary and high schools, annual appropriations starting with $40,000,000 on July 1, 1939, and increasing each year by $20,000,000 through June 30, 1945, for health and recreation services, for library, for handicapped pupils, for vocational education, etc.

Federal Aid Provided In Aviation Work—Soon there will be available to every private aviation enterprise a federal service designed to conserve their interests as well as those of the general public. The objective is to encourage and stimulate all phases of private flying, under the guidance of a "Private Flying Section" of the Bureau of Air Commerce at Washington which has recently been created. Private flying includes flying for business, sport and pleasure, instruction for students, fixed base operations and other types of non-airline flying. Problems may be presented by private flyers to the new section for analysis and determination. The section will survey and investigate all conditions and recommend projects in order to safeguard, and in every practical way aid, those engaged in private aviation. In this field the medical qualifications required of pilots may be liberalized to allow a larger number to engage in aviation than are permitted under present regulations. All interested in this type of flying may obtain detailed information from the Bureau of Air Commerce, the Department of Commerce, Washington, D. C., or by writing to my office.

New Stamp — Postmaster Farley announced that the new 1½-cent Martha Washington postage stamp, which was placed on sale for the first time at the Washington, D. C., post office on May 5 of this year, is brown in color while in size it conforms to the 1-cent George Washington stamp recently announced, 0.75 by 0.87 inches, arranged vertically. Stamp collectors desiring first day cancelations of the new stamp from Washington on May 5, may send a limited number of addressed covers, not in excess of 10, to the postmaster at Washington, D. C., with a cash or postal money order remittance to cover only the cost of the stamps required for affixing. Each cover should have a pencil endorsement in the upper right hand corner to show the number of stamps to be affixed, which will obviate the necessity of sending a letter of instructions with the covers. To receive the official first day postmark, covers must bear postage at the first class rate.

FSCC Will Buy Dry Skim Milk—The AAA announced that the Federal Surplus Commodities Corporation has made awards for the purchase of 91 cars (3,642,000 pounds) of roller process skim milk under the dairy products purchase program. These awards are in addition to the awards granted early in March for the purchase of 5,000,000 pounds of spray process dry skim milk. The milk will be allocated to relief agencies.

MYSTERY PLAY DRAWS CROWDS IN LARGE FLOCKS

Great Audiences Experience Many Thrills During Production

Seven ghosts walked the stage of the Alcazar Theater this week in the thrillingly sensational mystery ghost play "A Murder Has Been Arranged," but as one leaves the theater the question arises as to whether there were any ghosts and if the entire play was not an optical illusion.

The curtain is up on a cold, unset stage as the audience files in. Presently a couple of stage hands become evident. The orchestra is in rehearsal on music for a dinner to be given on the stage by an eccentric heir to millions, a student of the occult. This unusual spot for a dinner party has been selected as the host desires to witness the meandering of a ghost that tradition reports is due. A glaring work light casts an eerie, unreal gleam on the spacious emptiness. Presently the thread of the play is taken up. Real people and ghosts prance all about the place. The about-to-be millionaire is murdered. His ghost walks and presides at the dinner. The murderer is discovered and the curtain drops on a stage peopled with actors. Immediately it bounces up again and not a soul is in sight; the work light is back in place and the stage as deserted and cold as if it had never been crossed by a human being. The effect is startling.

The play will continue throughout this week and next, closing Saturday night, May 14.

"Prologue To Glory," New York smash success by Prof. Ellsworth P. Conkle, a story of Abraham Lincoln's youth at the time he met and fell in love with Anne Rutledge, opens for a limited run, Monday night, May 16.

OLD GASKETS

Never restore old gaskets if new ones are available, suggests an expert.

There is considerable leakage of oil from many motors, as evidenced by black streaks on highways. This loss could be avoided to a large extent if use of old gaskets was less frequent.

VICTIM OF DOUBLE CROSS AT ALCAZAR

General Pershing Unit Installation

The installation of the new officers of the General Pershing P. T. A. in the school, on Tuesday evening of this week, was one of the most outstanding of any held by this unit.

Mrs. Elmer Miller, Seventeenth District president, was the installing officer and conducted the ceremony in her usual efficient manner.

Among the guests of honor, in addition to Mrs. Miller, were Mrs. Jeptha Wade, district vice president, Mrs. Lillian Landini, George R. Augustien, school trustee, and Past Presidents of the unit Mesdames Bessie Ginno, Ann Eason, Sadie Welsh and Margarite Woodside. Henry King, chairman of the Fathers Forum for Daly City, also attended.

At a short business meeting before the installation plans were made for the annual picnic at Fleischhacker Park on June 15. This is to be a basket picnic.

A condensed report of the year's work as compiled by the president was read.

H. King announced a meeting for the Fathers Forum group, in the City Hall, May 17.

Mrs. Rose Gardella, outgoing president, was presented with a ring and a set of crystal glasses, the incoming president with a bouquet of red roses; the other incoming officers and honored guests with a gardenia corsage enclosed in a beautiful handmade hankerchief.

Mrs. Ann Eason was chairman of the evening, and was assisted by Mesdames Rose Watson, Sarah Nordgren, Margaret Prescot, Sadie Welsh, Rose Gardella and Martha Wegner.

TALE O' THE TOWN

By Joseph Straughan

NEIGHBORS

"What will the neighbors say?" That is a question that often runs through my mind since an incident of not so long ago. It happened this way: A friend asked me to mend a camera which was—shall I say—cross-eyed? Anyway it didn't take what was seen in the viewfinder. Perhaps I used a rather crude method to correct the defect, but it worked.

I first made the camera rigid and then opened the back and attached a piece of waxed paper in the place where the film ordinarily would be, to serve as a "ground glass." When the shutter was opened the scene in front of the lens was imaged on the waxed paper and I was able to compare it with the scene in the viewfinder, thus being able to adjust them to correspond one with the other. "Simple, wasn't it!"

All might have been well and this tale never told except that I happened to use some shirts on the clothes line for the view. Two neighbor women eyed my actions (antics to them) and I heard one exclaim: "Did you ever! Taking a picture of his washing!"

Imagine my embarrassment, but nothing could be done except to grin and bear it.

(By Maude LaRue Ives)

MY MOTHER'S FRUIT CAKE

(From Mrs. Mildred Lindorff)

6 large eggs
1½ cups sugar
1 cup butter
2 cups sour milk or buttermilk
1 teaspoon soda
Flour for right thickness
½ cup New Orleans molasses
1 teaspoon each cloves, allspice and cinnamon
1 tablespoon vanilla
1 tablespoon lemon extract
1 wine glass wine or brandy
Large pinch salt
4 pounds raisins
2 pounds currants
2 pounds walnuts

Combine ingredients in the order given.

YUMMY AVOCADO SALAD

(From Miss Ruth Lindorff)

1 small head lettuce
½ avocado
½ cup celery
1 tablespoon mayonnaise

First chop the lettuce rather fine, making certain to save a few generous sized leaves for your salad plates. Then mash the avocado and cut the celery into small pieces. Mix thoroughly with sufficient mayonnaise and place on a generous leaf or two of lettuce. Top with mayonnaise dressing, chill in the refrigerator and serve with raw celery and carrot sticks and a few ripe olives.

VELVET SPONGE CAKE

(From Mrs. Myron Cropsey)
Washington, D. C.

1½ cups sugar
3 eggs
1½ cups flour
Pinch salt
1½ teaspoons baking powder
¾ cup hot water
Flavoring

Beat the sugar a little at a time into the well beaten eggs. Then add ¾ cup of the flour with the salt, previously well sifted. Then add the other ¾ cup of flour sifted with the baking powder. Last of all mix the hot water and the flavoring with the batter. Fill 3 layer cake tins and bake in a 375 degree oven 20 minutes.

This cake is delicious packed with whipped cream and bananas.

ABALONE CHOWDER

(Prepared in one hour)
(From Mrs. E. R. Bolger)

1 slice salt pork or bacon
½ onion, finely sliced
3 large potatoes, diced
1 large slice carrot
1 cup canned tomatoes
Enough water to cover or, if preferred, meat stock may be used
Salt and pepper seasoning
Celery seed (a pinch) if desired
1½ cups of abalone cut in diced shape pieces

Fry pork or bacon. Remove from pan and in the fat cook the onion. Then add the potatoes, the carrot and the tomatoes. Add the abalone and the water or stock. Cover the pan tightly and cook slowly for 1 hour or until tender. Add seasoning. Usually the potatoes thicken sufficiently, but if a thicker consistency is desired add a little browned flour mixed to a paste with water.

Abalone should have a good pounding before it is cut up, as it is very tough. One hour should be sufficient to cook it, but do not cook it too long, as that toughens it. When it has cooked until tender, do not cook it any longer. Slow cooking improves it.

New Innovation At Hilltop Lodge

Another good place to eat is at the Hilltop Lodge, 22 Hillcrest drive, where Southern cooker dinners are an outstanding specialty. The dusky chef knows how to prepare them and they taste just like they did in the good old days of "61". Law sakes, chilluns! Come along and help yo'selves. Ham and even chicken (if the good brother can find a fat, juicy one on some easy-to-get roost), with everything else to complete a perfect "Dixie Dinner."

Afraid you'll eat too much? The finest dance floor on the peninsula will take care of that over-stuffed feeling. Just trip the light fantastic between courses and you'll come back to your table ready for more of the delicious eats. Music and entertainment keep things lively all evening, with never a dull moment.

The Hilltop Lodge will serve these southern dinners every night except Monday.

Sea Scouts Assist In May Day Fete

The annual May Day celebration, held at Golden Gate Park, consisted of entertainments from many San Francisco dancing and tumbling studios.

Assisting one of these studios in the heavier work were the Sea Scouts of Ship 149. They moved props, set up a trapeze and tight wire, and also a turn table for "living statues." After the performance was over the things were loaded onto an automobile and in two or three trips everything was back in the studio.

Besides the good time every one had, much was learned about blocks and tackles and general life behind the scenes.

OBSERVATIONS OF GOINGS ON IN NATION CAPITAL

(By Hart Goodrich)

Mobilizing Our National Resources, As Well As Men, Would Act As Effective Weapon Against War

We don't want war—none of us do, yet it is much better while we are at peace with the rest of the world to enact, with careful consideration, laws that the majority feel necessary for the good of all in time of war. A great many veterans of the World War feel, and rightly, that while they were serving overseas at $30 per month their more fortunate brothers at home were receiving exceptionally high wages for much pleasanter work. Of course, the bonus sought to make up for this unequality, but it would be much better to settle the question now and not have to pay another bonus in the future in the event of a war.

There are several bills introduced to Congress and planning to be introduced which will provide for a mobilization of the nation's resources, as well as man power. The primary purpose seems to be to do away with the possibility of wartime profiteering. The May bill has already been reported out by the House Military Affairs Committee and holds a place on the House calendar. Without passing judgment on the merits of the bill, it may be said with accuracy that the bill proposes to transfer to the President of the United States practically dictatorial powers.

There are several other wartime legislative plans not as close to enactment as the May bill. Senator Connally of Texas proposes a wartime measure which has what the May bill lacks—namely, a wartime tax structure. Upon entrance of the United States into war, increased tax rates and reduced exemptions for individuals would automatically become effective. Personal exemption would be lowered to $800 and $1600 for single and married persons, with a normal rate of 10 per cent and a surtax beginning at 6 per cent of the first $1000 of taxable income and reaching 80 per cent. If you are married and making about $5000 yearly, your income tax would be about $700 instead of around $100, as at present. Corporations would be forced to pay an undistributed profits tax beginning at 30 per cent and rising rapidly to 77 per cent.

The Connally tax plan sounds very steep, but Senator Nye of North Dakota advocates an even heavier income tax. Where the top combined rate under the Connally schedule would be 90 per cent on net incomes above $50,000, the Nye plan would impose a 99 per cent penalty on that part of net income above $20,000.

Representative Mavenck of Texas is ready to introduce a similar bill in the House.

The House Military Affairs Committee recommends special war-time taxes which would provide a "pay-as-you-go" condition. When we, all, realize that each one of us will definitely "feel" the war, whether "at the front" or not, more flag waving and band playing may be necessary to get us into the next war.

Samuel R. Rooff recently returned from Russia on the Berengaria, on which he had the finest accommodations. Now a wealthy New York contractor, he possibly reflected on the difference between his latest passage to America and his first, on which he worked his way as a 11-year-old potato peeler. p

COUNTY BOARD WILL NOT STOP CAMP PROJECT

Decline To Heed Pleas Of Protestants To Interfere With Establishment For Relief Reasons

(Continued from Page 1)

be discontinued even if it proved a failure, and representatives of labor expressed apprehension over competition if the camp clients were used on work projects.

Members of the Board of Supervisors, County Executive Rolison and County Engineer Marshall spoke. Marshall said there is "so much work to be done, that men from twelve such camps could be used." He told of needed improvements at Sharp Park and elsewhere in the county.

The supervisors were of the opinion that the camp should be given a chance to prove its worth.

P. T. A. leaders among the club members expressed dissatisfaction with the assurances of proper policing, and said that the strength of 4000 P. T. A. members in the county would back up Sharp Park citizens if the camp were not properly policed.

Elmer Bose, state SRA camp superintendent, stated that a certain city in the county had asked for another such camp to be located near its boundaries, but did not name the city.

It was decided by the board that it would be for the best interest of the district and county if the officials did not interfere with establishment of the camp as proposed.

The camp is to be within full operation within the next two weeks, according to Harold Pomeroy, state relief director, who stated there are about 3000 single unattached men eligible for assignment.

NEWS NOTES OF BOY SCOUTS 141

(Contributed)

Well, here we are again in the Scout Collum. Last week so much was said about the Festival of Youth in which our troop took part that we hated to ask for more space. The Festival of Youth was a great game while it lasted and the preparation was a lot of fun, too. We are glad that everybody had a good time.

MOTHERS DAY—TROOP BIRTHDAY

On Friday evening mothers of Scouts and special guests will make merry with a potluck dinner to celebrate the double event, that of Mothers' Day and our troop's second birthday.

After the dinner, at 7:45, the general public will be invited to come and enjoy the Court of Honor and Tenderfoot Investure service. Silver Lion Cub John Mosman, whose twelfth birthday falls then, will be honored with the rank of Tenderfoot in the Scout Troop. Lucky for John, he won't lose any time waiting to be a Scout. He will be the fifth boy to enter our troop through the Cub Pack.

MOVIES OF FESTIVAL TO BE SHOWN

Scenes taken at the Festival of Youth and of preparation of it will be exhibited following the other activities of the evening. Other pictures made recently will also be shown.

VISIT HERMIT

Scout Richard Russell, Cub John Mosman and John's little brother, "Sunnyboy," accompanied Mr. Straughan in Soy Bean to see Mr. Ivan, the hermit of Haunted Hollow, Sunday afternoon of this week. Mr. Ivan (his name is lots longer, but it takes too much type) has built himself another house. The old one was too near the brink of the canyon. Lucky he did move, for there is only air where he used to live! Scouts and Cubs always enjoy visiting Haunted Hollow. Just now the hermit is putting in his "plantations." His potato "plantation" is well up and tomato plants are making sturdy growth inside while waiting for the open ground. The many birds he feeds during the winter months are either nesting nearby or have gone to other climes. He said that the summer boarders were due to arrive any day.

As all remember, last Sunday was quite windy. Ever so much so along the ocean. It fairly roared up the canyon. We had difficulty clinging onto the walls as we made our way with eyes partially closed on account of the whirling sand. Mr. Straughan got some movie shots which should prove very thrilling. Best of all was a scene of the hermit himself. We hope to show them at the meeting Friday evening.

Mrs. Helen Flint, 82, of Tama, Ia., had to call in a doctor for the first time in her life when she was injured recently in an automobile accident, suffering a fractured collar bone and lacerations.

Woodrow Wilson Report Convention

Six delegates from the Jefferson School District composed of two representatives from each school, attended the Red Cross convention in San Francisco on May 3. Representatives and their P. T. A. chaperons were: Mrs. Laston chaperoned Florence Baitosta and Donald Laston of Woodrow Wilson; Mrs. Remington chaperoned Doris Degliantoni and Barbara Wilmoth of Jefferson; Mrs. Siler chaperoned Carmel Robin and Robert Seiler of Crocker. Following is the report of the convention written and submitted by the two Woodrow delegates:

"On Tuesday, May 3, the Junior Red Cross Convention was held in Larkin Hall at the Civic Center in San Francisco. The keynote of the convention was "The Junior Red Cross As a Social Force."

"Delegates from 11 to 16 years of age, from all the states in the Union, attended the convention. The Tuesday session was called to order by Jack Fuery of San Francisco and each child was requested to explain the work of the Junior Red Cross in his particular state or community.

"Norman Davis, newly appointed National Chairman of the American Red Cross by President Roosevelt, spoke briefly to the Juniors, stressing the fact that the future of the Red Cross and the peace of the world depends largely on the Junior Red Cross Association.

"Discussions were held concerning methods of organization of Junior Red Cross Councils, planning the program, discovering opportunities to serve through a community survey, extending services to state and national institutions and the relation of the Junior Red Cross magazines to the program.

"During the noon adjournment period, convention photographs were made of the Junior delegates on the steps of the City Hall.

"At the afternoon session the subjects of the discussions and speeches were: First aid, life saving, home hygiene, safety programs, accident prevention, highway first aid stations, community welfare services, national activities, assistance in national disasters, intersectional correspondence, support of National Childrens Fund and Junior Red Cross conferences and conventions.

"The meeting adjourned at 4 p. m. with an invitation to the children to participate in a delightful international party, Tuesday evening in Civic Auditorium, and a cruise around the bay and a visit to Treasure Island on Wednesday afternoon."

Respectfully submitted,
FLORENCE BAUTISTA,
DONALD LASTON,
Delegates to the National Red Cross Annual Conventoin.

ADAMS LOOKING TO TOP RIDERS IN SECOND SEASON

Few Jockeys Have Been Able To Win Laurels For Two Successive Years

(Continued from Page 1)

prowess acclaimed by both horsemen and racegoers alike.

If he captures the 1938 honors, he will go down in history as one of the few riders on the American turf who have won the national title two consecutive years. The records disclose that only Tommy Burns, Walter Miller, Vince Powers and Ivan Parke—all pigskin immortals—were able to lead the list twice in a row.

Adams is trying for his seventh consecutive meeting as leading rider—his victory march starting at Riverside Park, Mo., last year and continuing to Spokane, Wash., then to Bay Meadows, Tanforan, Santa Anita, and back to the recent Bay Meadows meeting. He finished second on the list at Longacres, Wash., due only to the fact that he wasn't there for the entire meeting.

A former farm boy from Iola, Kansas, the "mighty midget" is 23 years old, weighs 105 pounds and is four feet eight and a half inches tall. He has the arms and shoulders of a middle weight boxer and his build enables him to finish with a horse in the manner that made "Snapper" Garrison famous.

Adams lives in a comfortable house trailer, which he drives from track to track, banks his profits, and spends his spare time teaching Johnny Jr., his 3 year old son, to ride a pony. Adams intends to buy a cattle ranch when he rides his last winner, but Johnny Jr. will carry on the Adams tradition in future years.

Lesson Sermon Of Christian Science

"Adam and Fallen Man" will be the subject of the Lesson-Sermon Sunday, May 8, in all Churches of Christ, Scientist, branches of The Mother Church, the First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "The Redeemer shall come to Zion, and unto them that turn from transgression in Jacob, saith the Lord," (Isaiah 59: 20). Other Bible citations will include: "Let no man deceive you with vain words: . . . For ye were sometimes darkness, but now are ye light in the Lord: walk as children of light: . . . And have no fellowship with the unfruitful works of darkness, but rather reprove them. . . . Wherefore he saith, Awake thou that sleepest, and arise from the dead, and Christ shall give thee light" (Eph. 5: 6 to :, 8, 11, 14).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "It is well that the upper portions of the brain represent the higher moral sentiments, as if hope were ever prophesying thus: The human mind will sometime rise above all material and physical sense, exchanging it for spiritual perception, and exchanging human concepts for the divine consciousness" (p. 531).

JEFFERSON TEAM LOSES IN GAME WITH PANTHERS

Jefferson's golf teams recently met San Mateo, the P. A. . champions of the previous year. The Indian's first team traveled to San Mateo for their competition and suffered a 4-2 defeat at the hands of the Panthers.

Although the Jeffersonians lost, they made a good showing against such playing as that of Walter Gilliam, who shot a low 70.

The Indian second team played host to the San Mateo seconds at Ingleside Golf Course and deadlocked their score at 3-3, both teams doing an excellent job of divot digging.

Balboa netsters were given a hard battle by the newly organized Jefferson tennis team. Ed Talbot and Phil Boyle were Jeff's winners. Results of the match were as follows:

Talbot (J) d. Erickson (B), 6-1, 6-4.

POPPY DAY WILL BE CELEBRATED BY POST AND UNIT

Large Committees Of Post And Unit Now Making Arrangements

Preparations for the observance of Poppy Day, Saturday, May 28, are being completed by the Daly City Unit No. 410, American Legion Auxiliary, it has been announced by Alice Reilly, president. Arrangements are being directed by Hilda Prziborowski, chairman of the Poppy Day committee, assisted by a large corps of workers from the Unit. Plans are being developed to distribute memorial poppies in every part of the city.

Honor the World War dead and aid the war's living victims, is the meaning of the memorial poppy. The poppy, which bloomed so strikingly among the trenches and battle graves in France and Belgium, became the flower of the dead during the war. Since then it has been worn in all English speaking countries annually as an individual tribute to the men who gave their lives in the conflict.

The little red flower takes added significance from the fact that it is made by the war disabled, and that it contributes to the welfare of the disabled men and the dependent families of veterans. Everyone who wears a poppy on Poppy Day not only is showing remembrance and honor for hte men who died in the war, but is giving help to those who still are bearing the burdens of the war in suffering, privation and lost opportunities. All contributions will go to support the rehabilitation and welfare work of the Legion and Auxiliary, which means so much to the disabled veterans and the families of the dead and disabled.

The women of Daly City Unit are making great efforts for a successful Poppy Day this year and are hoping that everyone in Daly City will catch the spirit of the day and will join with them in honoring the dead and aiding the disabled.
